

Serving Englewood, Tenafly,
and Englewood Cliffs

Annual Report

2014

“Strengthening the community through partnership, leadership, and philanthropy.”

Dear Friend,

We had a great year in 2014 as we moved forward with supporting more agencies with annual and impact grants than ever before. Our grant awards totaled nearly \$225,000 and the recipients served more than 40,000 local residents through a wide variety of program offerings.

An analysis of program types revealed that the largest percentage of funds (25%) was awarded to programs addressing the health and mental health needs of local residents. The second largest group to receive funds was services to children and adolescents (24%), and the third largest sector was services to senior citizens (14%). Details about the other agencies served may be found in the pages that follow.

This year we formalized a shift in our fundraising strategies from primarily a direct mail campaign to also running two annual events, our LeGourmet event, held at Englewood’s chic new LeGourmet Factory and our Spring event, at the elegant Montammy Golf Club. This diversified approach to fundraising has helped us to reach our fundraising goals and to welcome new people into our body of supporters. Additionally, we have increased our outreach to businesses in the area and asked them to support our events through event sponsorships.

In the Spring of 2014 we were pleased to host a group of staff from local businesses at a networking event designed to introduce business owners and managers to The Community Chest. Our host was Englewood Cliffs Cadillac and our luncheon sponsor was Connect One Bank. We were most grateful to them for their outpouring of support to us.

In the pages that follow you will find a description of the 2014 Harriet Tanner Impact Grant recipient, the bergenPAC program. The Board of Managers was pleased to make this selection for this year because of its overall positive impact on the whole arts community in our area. The Community Chest is committed to helping neighbors in need to enhance their quality of life and we welcome other neighbors to join us in this great effort.

With gratitude,

Dr. Shelly Wimpfheimer
Executive Director

“Strengthening the community through partnership, leadership, and philanthropy.”

This year, 2014, was my 7th year on the Board of the Community Chest and my first as President. I want to start out by thanking Peter Corbin, past President and Dr. Shelly Wimpfheimer, Executive Director, for making the transition simple. Our mission and plan to support the local community by helping to strengthen the organizations that provide services to those in need remains in place after more than 80 years.

Thanks to our donors and Board Members, 2014 was a very successful year. We moved from a request driven allocations process to one driven by active community involvement. We sought more requests, new agencies and new ways of helping the agencies that we support.

In 2014, as part of our annual funding process, we granted \$148,000 to 21 agencies. Please look at the charts and lists in the report for details of the agencies and types of services we supported. In addition to our annual grants, we issued two Tanner Impact grants totaling \$50,000.

The first grant for \$25,000 was issued to the BergenPAC to help in the renovation of the new Performing Arts School in Englewood. As a result of the Impact Grant, BergenPAC was able to create eight new studio spaces to increase class offerings in theater, dance, and music by 67%. This enabled them to implement new programming such as pre-professional training and to offer performance opportunities for students who are interested in pursuing the arts in higher education or as a career.

The second grant for \$25,000 was made to The Center for Hope and Safety (formerly Shelter Our Sisters) to be used to create a Domestic Violence Community Awareness Program in the towns of Englewood, Englewood Cliffs, and Tenafly. This very important program specifically addressed the issue of relationship violence at home and in dating situations. Additional emphasis was placed on what can be done to break the cycle of violence in the community. The program was well received in the communities and is expected to have a positive impact on the issue going forward.

In 2014 we introduced our Holiday Support program by donating gift cards in December totaling \$5,000 to 5 agencies that distributed them to their clients/members. The letters and feedback we received from the agencies and gift card recipients was extremely moving and told us that we should make this part of our annual allocations program.

We are pleased with the results for the year, but remain committed to do more in 2015. Requests from our agency partners continue to grow each year and new agencies and community needs have been identified and will be part of our mission going forward.

Thanks again to our donors, agencies and Board members. It is your dedication that helps us move forward each year to follow the mission of “Neighbors Helping Neighbors” that was started over 80 years ago.

Richard Kennedy
Board President

“Strengthening the community through partnership, leadership, and philanthropy.”

Hunger

The total population of the Community Chest service area is 47,871. The Community Chest raised funds to provide 2,160 meals to more than 27,873 individuals.

Seniors

The Community Chest assisted in funding senior programs serving 90 seniors in Englewood, Englewood Cliffs, and Tenafly and also programs that offered 732 hours of homecare.

Women

In Englewood, Englewood Cliffs, and Tenafly there is a total of 24,690 women. The Community Chest assisted agencies in serving 7,620 women.

2014 Grantees

The Center for Food Action- grant was used to purchase fresh food, diabetic foods, and ethnic and other foods that were in short supply.

The Office of Concern at St. Cecilia's- a food bank, operated primarily by volunteers, offering food to local residents; grants were used to fund their Nutrition Plus Program, offering fresh fruits, vegetables and meats to clients.

2014 Grantees

Bergen Family Center Adult Day

Care- a day program offering socialization for older adults.

Visiting Homemaker Home Health

Aid Service- in-home services for seniors requiring homemaker and home health aide services.

2014 Grantees

Women's Rights Information Center-

Offers a wide variety of services to women in transition, with a focus on career, life, and resource-building services.

Center for Hope and Safety- An agency that assists women and children who are victims of domestic violence, including emotional, economic, and sexual abuse.

“Strengthening the community through partnership, leadership, and philanthropy.”

Children and Adolescents

The total number of school aged children in the community is 11,809. The Community Chest provided funding to programs serving 4,555 students, and also supplied students of DMHS and The Academies in Englewood with 16 scholarships.

Volunteer Service

The Community Chest also offers various volunteer opportunities to individuals and businesses; as well as leadership development series.

2014 Grantees

Bergen Family Center- Homebound Instruction for Preschool Youth (HIPPI) an in home program for new parents of infants to preschool aged children to assist inexperienced parents with becoming their child’s first teacher.

Calvary Cares Community Development Corporation- an afterschool program for elementary aged children.

YWCA of Bergen County- a swim instruction program for local children.

Dr. John Grieco Scholarship Fund- a scholarship program for students attending Dwight Morrow High School and The Academies of Englewood.

JCC School of Music- an instrumental music instruction program for school age children attending the Englewood elementary schools.

St. Paul’s Choir- an afterschool program with a focus on choral music for local children.

bergenPAC- free tickets for performances for low income children.

2014 Grantees

The Volunteer Center for Bergen County- To provide support to enhance volunteer service to local nonprofit organizations and individuals in need.

“Strengthening the community through partnership, leadership, and philanthropy.”

Health and Mental Health Services

The Community Chest assisted in funding health and mental health services to 18,145 individuals of all ages residing in Englewood, Englewood Cliffs, and Tenafly.

Environmental Education

The Community Chest assisted in funding environmental programs serving 11,008 individuals in Englewood, Englewood Cliffs, and Tenafly.

Arts Programming

The Community Chest supported art programs serving more than 1,500 children in Englewood, Englewood Cliffs, and Tenafly.

2014 Grantees

Englewood Hospital and Medical Center-

local hospital offering a variety of services to the community; this year's grant funded the purchase of supplies for glucose monitoring for low income pregnant women.

Vantage Health System- local mental health center offering services to people of all ages and with a variety of addiction and mental health issues.

Planned Parenthood- local office of Planned Parenthood providing health services, pregnancy planning services, and health education.

2014 Grantees

Flat Rock Brook- a preserve and environmental center offering classes, summer camp, trails for hiking, classes in gardening, and other outdoor activities.

Tenafly Nature Center- nature preserve and environmental education center offering classes to people of all ages, and trails for hiking, and other outdoor activities.

2014 Grantees

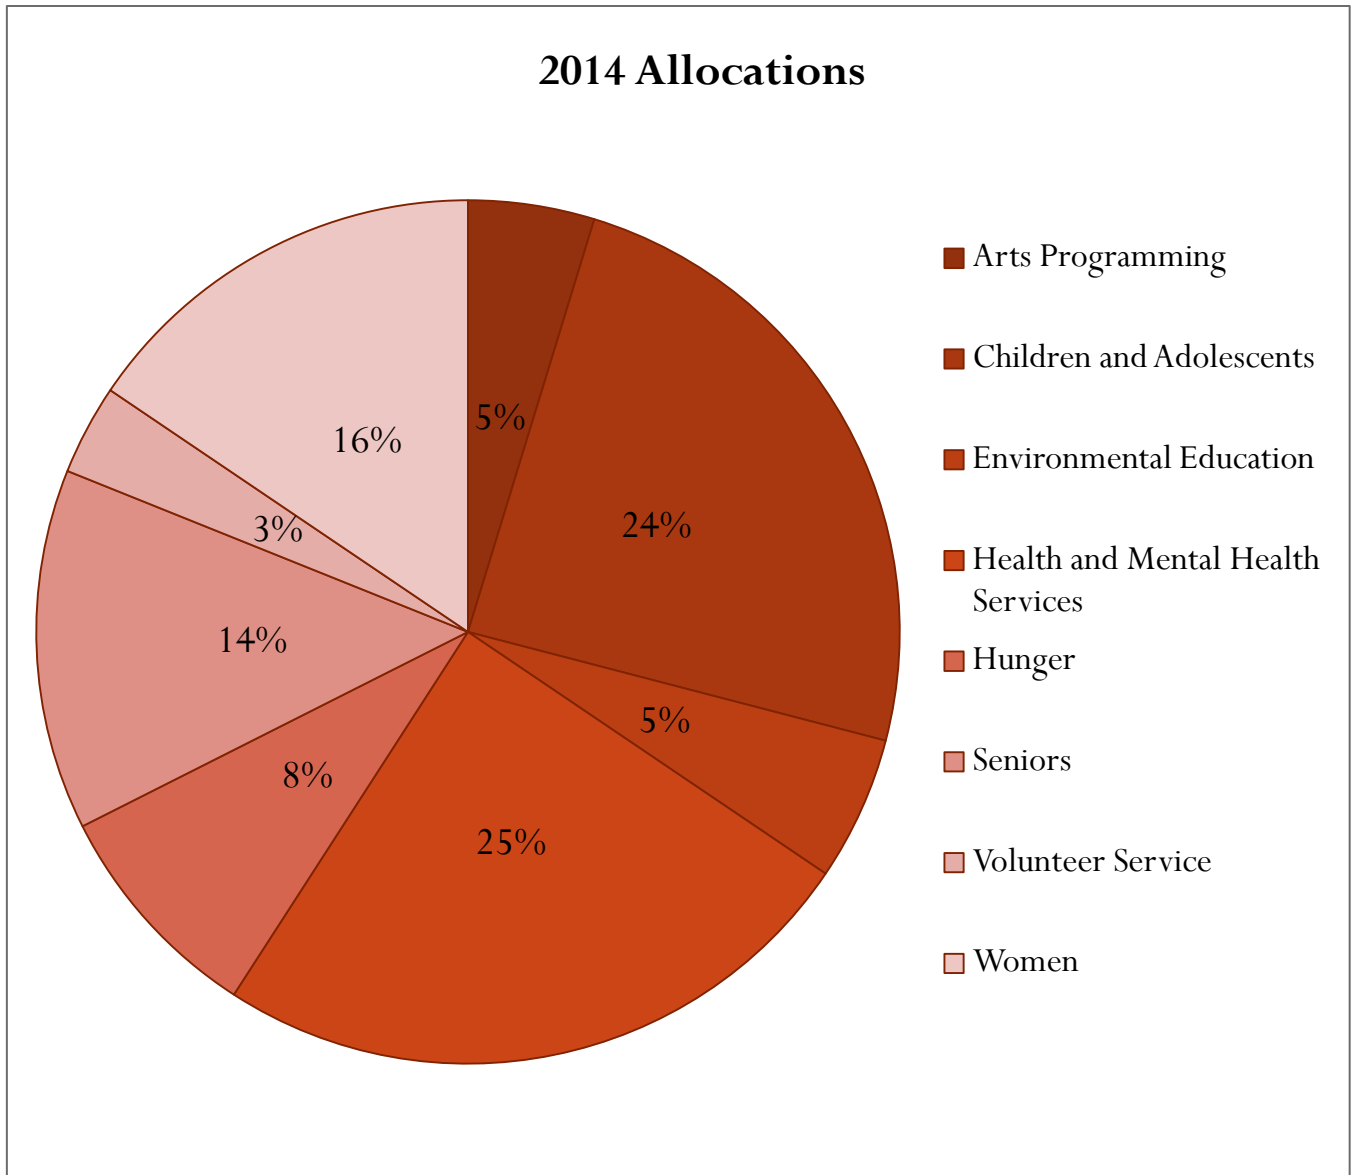

Arts Horizons- a summer arts program, offered at the Englewood Public Library, for local middle school aged children.

Art Works- an arts supply program for serious and terminally ill children and their siblings, offered throughout the year, at Englewood's Hospital's Pediatric Unit.

“Strengthening the community through partnership, leadership, and philanthropy.”

In 2014, \$148,000 was awarded in grants to 21 Agencies

2014 Harriet Tanner Impact Grant

Description of 2013-2014 Impact Grant to bergenPAC

Amount Granted: \$25,000

Impact Project: Renovation and expansion of the Performing Arts School at bergenPAC. As a result of the Impact Grant, bergenPAC was able to create eight new studio spaces to increase class offerings in theater, dance, and music by 67%. bergenPAC was also able to implement new programming such as pre-professional training and performance opportunities for students who are interested in pursuing the arts in higher education or as a career, a beyondDance Competition Team, new classes in traditional and contemporary Korean dance and music, and bergenPAC theater and musical theater workshops.

With the expansion, bergenPAC served 96 students from Englewood, 70 students from Tenafly, and 33 students from Englewood Cliffs. Through partnerships with schools, bergenPAC served 986 Englewood students and 300 Englewood Cliffs and Tenafly students.

The bergenPAC was able to provide 22 scholarships overall: 14 to Englewood students, 5 to Tenafly students, and 3 to Englewood Cliffs students.

The bergenPAC conducted evaluations on the impact the Performing Arts School had on its students. They found the following outcomes:

- Increased language development, creativity, coordination, and social interaction
- Students who typically lack interest in teaching and learning are visibly more engaged
- Improved confidence and verbal and non-verbal communication skills
- A gain in 21st century job skills
- Improved cultural awareness and respect for other cultures

In addition, evaluators commented that participants:

- Will become productive members of society and future patrons of the arts
- Move on to further their education or pursue careers in the performing arts

2014 Harriet Tanner Impact Grant

Description of 2014-2015 Impact Grant to Center for Hope and Safety

Amount Granted: \$25,000

Impact Project: The impact grant was used to create a Domestic Violence Community Awareness Program in the towns of Englewood, Englewood Cliffs, and Tenafly.

On Thursday January 31, 2013 the Bergen Record Headlines read: Boyfriend Charged with two Slayings: Stabbing Death of Englewood Resident Tammy Pitts-Gaddy and Her Five Year Old Daughter Natasia Gaddy was Smothered to Death by a Plastic Bag. This tragedy was a horrific and shocking reminder of domestic violence hitting home to the residents of our communities. After the funerals, there was an outcry from the community to do more to prevent such tragedies from ever occurring again.

In response, The Center For Hope and Safety brought to attention to The Community Chest that statistics show that a coordinated community response can make a difference and will make all our live safer.

This impact grant assisted in creating a Domestic Violence Community Awareness Program. A part time Community Education Resource Counselor who works specifically with the three towns was hired to augment understanding of domestic violence by increasing sensitivity, understanding of “red flags” and empowering individuals to recognize and respond to volatile situations. Education, being provided in a safe and non threatening environment, is allowing those in need to obtain information regarding legal relief, safety planning, and Bergen County services and support options as they face an unfamiliar and often frightening system.

This program specifically addresses the issue of relationship violence at home and in dating situations. The Center for Hope and Safety is working collaboratively with schools (both public and private), police, religious institutions, and nonprofit agencies in the towns. Additional emphasis is placed on what can be done to break the cycle of violence, stressing access to hotlines, safety planning, and other community resources.

2014 Special Events

Holiday Project

While the Holidays are a joyful time for many people, others are feeling the pain of need. However, thousands of children and adults feel lonely and deprived during this time of year. The Community Chest wanted to show our community that they could count on their neighbors to brighten their holiday season. We partnered with agencies first-hand to identify families that needed our help during the holiday season. The agencies aided us with selecting families and we then distributed gift cards for these families in our community.

Here are some stories from recipients:

"A grandmother was granted custody of her 5 grandchildren just before the holidays. She was overwhelmed with the thought of providing any kind of a Christmas for them, much less one that would give them a sense of comfort after being taken from their parents. There was not a dry eye when she came to pick up her gift cards. She was already planning what she would buy for each of the children and was overwhelmed with the Community Chest's generosity."

"A 74 year old woman who lived in Englewood her whole life worked at the same factory for more than 45 years. For most of that time, she earned minimum wage. When she retired, she was forced to live on social security which was less than \$1,000 a month. Our staff knew that she was struggling and thought of her when we received the generous donation of gift cards from the Community Chest. The very next day after she received the gift card, there was a nice thank you card from her thanking us and our donor, the Community Chest."

"When food stamp funding was cut, a single mother with three disabled teenagers came to see us. Because of the cuts the mother was unable to buy Ensure for her daughter, which was a major concern since all of her daughter's nutrition was provided by Ensure. This support was a great relief to the whole family."

Holiday Gift Emporium

The Community Chest held its First Holiday Gift Emporium on December 6, 2014. Hosted by Town Audi, and chaired by Jewel Spiegel, owner of the Jewel Spiegel Gallery, the day featured 10 specially selected vendors, each selling elegant items for the holiday season. A portion of the day's sales went to supporting The Community Chest.

2014 Le Gourmet Fall Event

Our first Le Gourmet Event was held on February 8, 2014 at the Le Gourmet Factory located in Englewood, NJ. The event featured a unique culinary experience by providing demonstrations that included "Knife Skills with Chef Gus Nations," "Bread Baking with Chef Dee Josephson," "Sushi making with Chef Pat Kinney," and "Spring Rolls with Chef Mike Ventura." Guests feasted on delectable hors d'oeuvres and special "Chest" cocktails. Guests also participated in a live auction where some participants walked away with private parties with a noted chef! We would like to thank everyone who participated and made this event possible! Special thanks to our Events Committee and Executive Director for all their hard work!

Spring 2014 Event- Fill The Chest

On April 24, 2014, "Fill The Chest" Spring Event took place at the Montammy Golf Club in Alpine, NJ. This annual event welcomed friends and supporters of the Community Chest to an evening of fun and philanthropy. The evening was designed to fulfill the mission of the organization's founders more than 80 years ago; their vision was to fill a chest with the generous contributions of individuals and businesses and to empty its contents by granting funds to support worthy projects led by local nonprofits in Englewood, Tenafly, and Englewood Cliffs. Each year the Community Chest has carried out this mission with increased generosity. During this event, we honored Peter Corbin, the President of the Board of The Community Chest. In the spirit of our founders, Peter Corbin exemplified our goal of "neighbors helping neighbors". He demonstrated a clear commitment to supporting those in need through his tireless efforts in the community.

Business Council Luncheon

On April 2, 2014, The Community Chest held its first "Business Luncheon Program" at Englewood Cliffs Cadillac. The goal of this event was to provide an opportunity for business representatives to network with each other while also getting to know more about The Community Chest. The Luncheon featured: Stephen Borg, the President of North Jersey Media, who spoke about North Jersey Media's commitment to philanthropy; Nick Prastos, Chief Food Tester of Le Gourmet Factory, who spoke in regards to new businesses and their commitment to the community; a representative from Englewood Cliffs Cadillac who presented on how to commit to the community and the image of your business; Shelly Wimpfheimer, the Executive Director of The Community Chest, who presented on ways to join the business council.

Dwight Englewood High School Concert Benefit

On a cold evening in January students, faculty, parents and supporters came together to attend a benefit concert sponsored by The Student Government of Dwight Englewood School. The concert, the brainchild of Irene Wu, a senior at the school, and member of the Student Government, featured a varied program offered by students and faculty who played a variety of classical pieces as well as a selection of jazz and popular music. The program was designed to raise funds for The Community Chest. Irene, an intern with The Chest, was inspired to organize the concert after learning about the work that The Chest does in Englewood and neighboring towns. The concert raised \$1,500.

Donors 2013 – 2014

Many thanks to all of our generous donors who supported us during our 2013 – 2014 campaign. Your contributions provided much needed support for twenty local non-profit organizations delivering services to residents of Englewood, Tenafly and Englewood Cliffs, New Jersey. We look forward to your continued support in the future.

Donate to The Community Chest

Donors may make contributions to The Community Chest in a variety of ways.

The two most popular ways are by mailing a check to our office at The Community Chest, 122 South Van Brunt Street, 2nd Floor, Englewood, NJ 07631 (*please note that this is our new address*) or by making an online contribution at www.communitychestofenglewood.org.

Donations of all amounts are welcome.

Gifts of stocks or bonds are also welcome. Donors wishing to contribute in this way should call the Executive Director to receive directions for making these donations.

Donors wishing to make provisions for remembering The Community Chest in their wills are encouraged to contact the Executive Director as well.

Several large corporations have matching gifts programs and donors are encouraged to consult with their employers about whether a matching gift program is available. This is an ideal way to maximize contributions.
